EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification page 1, line 8 the recitation --, now U.S. Patent No. 6,726,562 issued April 27, 2004-- has been inserted after "June 20, 2002" and before "which is a".

2. The following is an examiner's statement of reasons for allowance: The game Phantom Haus, and the patents to Lemay et al. and Baerlocker et al. all disclose a casino game of chance, slot machine, having a game surface and a playing path on the game surface. A movable indicia moves on the path from a start position to an end position according to chance. None of the cited referernces alone or in combination teach the claimed "a plurality of paths for play of the bonus game" and "providing a fixed player expected value in the bonus game for each of the plurality of playing paths".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
